## **Vision HMO Plan**

Directory of Participating Providers

California

## **SafeGuard Directory of Participating Vision Care Providers**

This directory contains the names and locations of the vision care professionals who provide care to SafeGuard members. The directory lists them alphabetically by the city where they are located. Each one has been pre-screened and thoroughly evaluated prior to their being accepted into our program. You can be assured that any office you choose will provide excellent care and service.

### **Selecting A Vision Care Professional**

- Optometrists are doctors of optometry who provide routine eye care; they are able to diagnose and treat eye conditions and eye diseases and can prescribe glasses and contact lenses.
- Ophthalmologists are medical doctors who specialize in eye and vision care and the prevention of eye disease and injury; they can perform surgery, diagnose and treat diseases that affect vision, as well as prescribe glasses and contact lenses.
- Opticians are technicians who make, verify and deliver lenses, frames and other specially fabricated optical devices; they require a prescription from an Optometrist or Ophthalmologist.

### **For the most current information...**

We update our directory information frequently – you will find the most current listing on our website at [www.safeguard.net](http://www.safeguard.net) by clicking on “Dental & Vision Directories”.

### **Before you enroll...**

#### **If you are enrolling for the first time or changing your plan**

- Choose “Visitor”, and then select “Vision HMO” and state
- You will be able to search by city, county, zip code, or by a particular vision care provider’s name

**Post-Enrollment** Once you have logged on, you may use your Family ID number, Group ID number, or social security number to access the directory.

## Directory of Participating Providers - California

### Alameda

#### OPHTHALMOLOGIST

**Post, Dr. Stephen**
